Dear Sir.

Your favor of the 20th reached us this A.M. owing to our having to send a 3d stamp to Washington to pay the postage, you having neglected to place any stamp on it, before mailing.

Chalmers shillings are not at present in much demand, many being offered for sale, so we do not desire it very much, having two in stock we would offer $.50 cash for it & would make the pair $1.50 dividing the 50¢ as either.

This is a very good offer and we would think acceptable to you.

Dear Sir

Your favor of the 16th was duly received.

We notice copy for a paragraph to be inserted in our next issue.

We have read the review of our catalogue of the Brainerd collection, and assure you it is much in the same spirit dictated by those personal feelings, and by making use of a few trivial errors to disparage the work and without mention of any merits.

We notice the heading of reviews of our sales usually [illegible] the name of the collector and not ours, as the parties sales are mentioned; and the Ranger's name is placed generally at the beginning when they are merely the criers, as if the latter name in the background.

Please see that our address is changed in future numbers to 2009 Arch St. We write about it several times before the issue of the July number.

We are very truly and with thanks remain

a few days after the matter.

Yours very respectfully

The complete set of the "Season Medals":
2 of each design, one in Silver and one in Bronze.
making the Set of 6 pieces
Of the great rarity and beauty of these celebrated
medals of Washington, every collector is aware, we
know of but one other Complete set, that being in
the collection of Mr Wm S. Appleton of Boston and
who paid $450.- for it to Mr Haseltine of Phila.
In the McCay sale No 4 a set same as these sold
for $900 purchased by Mr Lightbody and sold in his coll
in 1865 for $800. this may be that set, as Mr Bushnell
(whose set this was) told us that he valued them at
$900 so we are led to belive that this is that same set
as Mr B was purchasing at that time, the other set
which Mr Appleton has were sold (in 1873 as we believe)
for $75 each or $375- $450 the price he afterwards paid for
them.
These are most beautiful impressions, and
while an odd one in damaged condition has been sold, &
still no other set has ever been offered than those
above mentioned, that we are aware of.
We place a very reasonable price on them, which is in
fact $50.- less than we would have gone to for them at the
sale, but having secured a great bargain we are willing to
give one.
Price for the set $250.00

It is not very good and, saying the rev rubbed other wise &c implies and means that the rev is slightly rubbed but very good. it is very poor. and as the 5 and 7 stars being weak they are never not weak. If it had been very good would be very glad to have it.

We always mark our lowest prices, and you must remember we took off ½ on the price of the notes, but we have concluded to take off 8 more and make it 52.80 this is much more than dividing the difference and is 8% (on the original price) reduction. which is very fair, and we hope will be satisfactory to you.

Gentlemen

We received the coins purchased at Mr Sampsons last sale and find many of them not equal to the description returned herewith the following pieces, with our reasons for so doing with each piece.

№ 157 Is not very good but only fair.

№ 573 It is not "very good" and saying the "are rubbed otherwise very good" implies and means that the are is slightly rubbed but yet in very good condition, which it is not. but is very poor, and on the obv instead of the 5 underlaro being so weak they are worn off

№ 665 Not very fine and the field has been scraped and bent.

№ 636 Not slightly weak on one side as described but very weak and almost illegiable which should have been mentioned

№ 788 Where is the paraset? Not "good" but very poor.

Please credit us the amt $5.95

We regret that these pieces were not up to discription, but not being so, we cannot take them.

Prof. Jules A. Marcou,

Dear Sir,

Would you do me the favor to send to me, at my expense by express, the trial impression in lead of the medal to commemorate the independence of this country by presentation to the diplomatists of France in the U. S. during the Revolutionary war, for comparaison with the specimen in large print the Bushnell collection and which we now own?

Gen. William Shut in his letter to Thomas Jefferson, states that the dies broke twice but does not mention whether the obverse or reverse, or both. We desire to determine if our piece and your trial impressions are from the same dies. Mr. Barber, the Mint engraver who made the copy in 1876, did not retain any of the obverse (the Cut of trees of U.S.) but has given us one. We have also an electrotype of the rev. from another source. We possess a trial impression of the obv. from the Bushnell collection which is from the same die as the large specimen.

If you will be pleased to grant the above request, you will much oblige, Yours very respectfully, S. M. & H. Chapman

Prof. Jules Marcou,

Dear Sir,

Your letter of the 20th was duly received and we thank you for the promised favor.

We do not approve of reproductions, for the best are but a travesty on the work of the original artist, failing to faithfully represent it exactly, and losing the delicacy and manner of his execution; we would always prefer a fine electrotype copy. The form of the latter is the print that it can not be pulled off as a genuine piece, and in a recent sale in New York by H. P. Smith a specimen of this reproduction of the Independence medal was catalogued and sold as genuine though some persons in the room knew its character.

We would be pleased to see the impressions of the medals you mention and as you are sending those of the Independence Medal, would ask you to include them in the package, but we would be sorry to see new dies made after them by the mint, though we will deliver them to the officials if you so desire.

Yours Very Sincerely

John R. Wheaton Esq

Dear Sir.

Your two favors of the 23d ult
The piece which we sold for $40 was an extremely rare
coin and was also in uncirculated condition, you must not
think that all coins are so expensive, as for instance the 50
dollars from 1808 to 1839 in uncirculated condition bring only
from 60 cents to $1.00, there are two exceptions the 1815 & 1836
reeded edge & milled edge.

We may be able to get you a 1796 $10 eagle in very good state
at from $8 to $10.

Our stock is now very fine and if there are any pieces
you want let us know.

The early dimes from 1793-1805 are very difficult to obtain
in uncirculated condition, but specimens in fine to very
can generally be procured at really low prices.

Dear Sir.

Your favor of the 1st received. Thanks. We will give $30 for the three pieces but if you can we would like to get them a little less, as they are not rare and the eagle we fear is badly struck.

We have lately had 3 eagles and 3/4 eagles, just bought a 1795 Eagle finer than yours for $14.

We return the rubbings as requested.

This is a very good offer and try to get them at less if you can.

Very Respectfully.

A. H. & H. Chapman

If you get them, send, and we will remit by return mail.

F. G. Markham. Esq.

Dear Sir.

Your favor of the 25th of Oct. rec'd

Of the pieces you ask for we have,

1794. Cent. Uncirculated. Sharp, even impression of a beautiful brown color with nearly a proof surface, One of the most ~~Beautiful~~ exquisite cents of this year we have seen and a gem Price 30.

This cent will probably surpass anything you have seen and while the price may seem high, it is not. Such pieces are almost unobtainable at any price and we think this could not be duplicated, a cent.

1794 Cent. Uncirculated. Sharp, even impression. Brown color with proof surface. a different die to above and though a very beautiful cent is not equal to the other Price $2.5.

1800 Cent. Over 1799. Uncirculated. Brilliant light color. An extremely rare date in this condition Price $5.

1801 Cent. Very fine, strong even impression. A dark letter seen better or even as fine. Very rare. One of, if not the finest impression we have seen, though we have had the bright red but very rarely

over

1796 Cent. Extremely fine. Light olive. For this date a very extra specimine, as it is almost impossible to get one as fine as this.

We only know of two which are finer, the one we had in circulation, sold it for $100. cash and one for which $50 has been offered and refused —

We have sold the best 1796 dol. from Biddles coll. have the other, very good $38. or can offer you the Celebrated Thurston — Auction — Benton & dollar 1796 for $325.

Have not 1851 & 1858 perfect proofs.

We are obliged to you for the compliment, and confidence in our judgements,

We always endeavor to describe coins as they are and to deal honestly with every one. Certain parties are simply afflicted with frantic jealousy, at the success of the Bushnell sale.

Will send any of the pieces on approval.

Very Respectfully.

Dear Sir

Your favor of the 11th enclosing check for $110.25 in full payment for coins purchased, received, for which we are obliged.

The cents were in that extra state of condition in which they command a large advance over those in only very fine condition, you have probably not given your attention to cents which is the reason of your considering the prices high, - they were not marked more than they were worth and there are collectors who want cents in this state who would not consider [illegible], on receipt of them from you we sent the 100 Cent @ 3s. to one of our customers and yesterday received his check for the amount.

We have just received 18 very fine and rare Browns (not from Auction sale when we purchased coins) they were selected by us from a very fine collection, as being pieces not often met with, and of these we never saw duplicated, if you wish us will send them on approval

Dear Sir,

Your favor of the 3rd received and two other days after the number of the Journal came to hand.

You send us Vol XIII No 1 which we did not order so return.

We have examined your two bills which we enclose for correction as we do not consider them correct, why are we charged $12! for the Rockwell adv. $8 for the July 1882 insertion! The first should be considerably reduced and the second ought not to be more than any of our other regular advs as there is not any difference, and you even did not do as we directed, change our address.

There is an error or omission in our last adv., we did not have every date in silver and copper of the U.S. Series and do not think we so wrote the manuscript, please look the matter up and see where the mistake occured.

We directed our adv. to be kept standing and are very sorry it was omitted in the April number

Very Respectfully Yr

You must not object to get the Catalogues and books absolutely perfect, (from sales second hand) the copies of Numisma were as clean as usual,— our own set is not any better, they get soiled in the mail.

Mr Kasebine refuses to take them back so do not return any you can help. Cannot take the Numisma back as it is a very good copy. If the others are not satisfactory return them by Post

Dear Sir.

We send herewith a few pieces on approval. viz

England. Queen Elizabeth. fine Sovereign, a double rose. 1558.
Extremely fine, are unusually even impression,
A grand coin and very rare. 35. –

The price on this piece is quite reasonable, and we doubt if we could import it for anything like £35. nequetuman well versed in prices of such pieces in England said it could not be bought in London for less than from 50 to £100 and the piece would be more nearer than the former

[illegible] Very fine 3.

[illegible] Rare. 2.

[illegible] Uncirculated – Rare 2. –

£42. –

We have some very fine and rare foreign coins, would you like them sent on approval?

Dear Sir.

Your favor of the 16th
is rec'd Cents of 1793. 1794. HH 1834. 1860 9½ Cent. rec'd.
Your ideas of the condition of the 93-94 Cents are rather at
variance with the facts. — the 93 is not "burnished" but has
a beautiful frosty proof surface and is in no way touched or altered.
the 94 is not "corroded" but what you thought was corrosion
is merely a slight roughness in the planchet before it was struck and
which striking would not entirely eradicate, you did not
probably give them close enough examination.

Very Respectfully,

Dear Sir.

Your letter of the 8th inst, and 20 Bronze & crowns were rec'd.

Your crowns are impaired by being very badly cleaned and are not in the superior condition we desire such pieces to be in, several of them are duplicates (but not 33 pieces) of those we bought from your brother Mr R. Wreathoff.

Your pieces are high compared with what they sell for here and there are also exceptions which we could use at your prices

Dear Sir.

We have two books which we think would be of much interest and value to your coin. They are—

"The Mint manual of the Coins of all Nations" Ancient and Modern being a general treatise on the coins contained in the Cabinet of the U.S. Mint at Phila. 8vo, 412 pages. 27 plates representing the coins of all nations embossed direct from the coins, in the colour of their metal. Cloth, clean. Price $5—

"The Early coins of America" by S.S. Crosby 1875. This splendid work on the Colonial coins is of great use and interest to the collector. There are 10 plates of the finest Colonials known and also numerous illustrations, quarto, large type. 381 pages. Published at $12. in sheets, but we can sell this copy, new, bound in fine style Morocco, top edge gilt, and altogether a splendid book. $10.—

We forgot to show them to you while you were here, but can if you wish it send them to N.Y. for your inspection before purchasing

Dear Sir.

Your letter of the 20th also package containing cents to amt of $258 received.

You say in your letter "I have taken one piece for this reason. Last Saturday I purchased six cents which piece you took as all are returned per an copy of bills sent.

You made a great mistake in putting that 1793 Cent in cotton, the very thing we ~~have~~ wished to avoid, especially as we wrote you to keep it in the tissue paper, the tissue paper we use is free from chemicals and is of a fine make, we have found from experience that cotton will scratch and damage extra fine pieces.

So you want either 1852 dollars in proof a uncirculated condition & $51 proof.

Send us your duplicates, and send your lowest prices. Let us know in advance when you expect to be here,

Very Respectfully.

We return the Frenchtwanger $ which is not the specimine we rather think it may have been accidentaly changed.

Of the numbers upon bid on in sale 27-29 we secured all but one № 1078 which sold for $3.25 we considered this too high our last bid for it was $3.— so let it go, we hope this is satisfactory to you

Our manner of executing bids differs from that of others,— we buy as low as possible, no matter how large a bid we have this enables us acting for the collector the same as if he were bidding himself — with what success at this sale we refer you to

L. G. Parmelee, Esq

Dear Sir,

A counterfeit Fugio piece has recently turned up here in a lot of odds and ends and as it may be offered to you and you might not notice its real character, we write.

It is a negative or inverted impression of the one without inscription on obverse and with the names of states on the rings on the reverse, with the center blank, Crosby pl. VII No 2. and has, in our opinion, been made by placing a soft piece of copper between two impressions from the dies and(not from the hubs(if they used any for these pieces which we think not) as it has the serrature or milling on each side which is never placed on the hubs and is the last thing put on the dies, and is worthless

Dear Sirs,

Your letter of the 1st inst. 2nd for which we are obliged, to hand.

The consignee Miss Webster 26 ~~Devonshire~~ Bedford Square London under date of the 6th instant states, "The cigars are forwarded (carriage paid, & insured at Lloyds from door to door) per the American & Foreign Express Co, who have their agent in your city and the ship is the "York City".

We do not know of an express co. of the above name nor of their agent here and have hitherto had our packages from Europe per Baldwins Express. Do you know of such a Co. and do they forward thence by your line of vessels?

The box is valued at about £70. and would be of small size perhaps about the size of a cigar box for 50 cigars.

If you can find it or give us any information regarding it, we shall be much obliged and should it turn up to day or to morrow please to telegraph to us at our expense.

Mr William Lee

Dear Sir.

In conversation with Robert Edes Brown Esq of this city yesterday, he, to our surprise and profound regret, informed us of the decease of J. Wiley Austin Esq on the 19th ultimo.

The last letter he wrote to us is dated the 26th of October and is very cordial and closes with, "I am much obliged for the catalogue just received from you and if I see anything I want in it you will hear from me again. Accept thanks and oblige Yours Respectfully." Our relations with him for years have always been pleasant and we are sorry that they are terminated.

Would you do us the favor to inform us what disposition has or will be made of his collection? If it has not been disposed of by will to an individual or institution would you please give us the name and address of the executor or acquaint him of our business relations with the deceased?

If it is to be sold we would purchase it for cash or exchange it for ours at a valuation taking entire charge of cataloguing, distributing the catalogues, arranging the sale &c and could make it a success.

Should we desire to go to Washington we would do so at any time.

Mr Brown is a sincere friend of ours and gave us his permission to use his name.

M. T. Harrison Garrett.

Dear Sir,

Your note of the 5th received. The Foreign coins have been sent on approval to another party and upon their return we will forward them to you together with the U.S. silver coins.

We have a copy of the magnificent work Le Trésor de Numismatique et de Glyptique, ou Recueil Général de Médailles, Monnaies, Pierres Gravées, Bas-reliefs, etc, tant Anciens que Modernes, les plus intéressants sous le rapport de l'Art et de l'Histoire by Charles Lenormant and others, in twenty (20) folio volumes containing 1008 folio plates engraved on steel by the Collas process.

It is the finest work ever published on the subject, the plates giving exact fac-similes of the objects with the effect of high relief.

This copy is an unusually fine one, we having purchased it some years ago at the sale of the original subscribers collection.

It is bound in half maroon morocco, boards, top edge gilt, uncut and cost $50. + bind — (a very low price), and our price to you for the work $250. which is very reasonable, — see Rollin & Feuardent's catalogue of Numismatic books 1874 in which their

1852

price for 19 of the vols. bound in the paper boards, is 1135 frs, the additional vol. Rois et Reines Anglaises 45 frs = 1180 frs = say $236. which with the $50 added would be $286 and with freight and expences would amount to three hundred dollars.

If you would probably purchase we will send it on approval and if so ask you to pay charges one way.

We know of but two other copies in this country, one of which is in the Astor Library N.Y. The Libraries in this city do not possess it and make the excuse that they are too poor to purchase such works of reference and have to keep their money for current literature. They spend the money on buildings and then have nothing to put in them.

Are you collecting Ancient coins? [redacted] For an impression about to issue and new medium is a double stater of Alexander the Great in very fine condition price $110. We do not know of another in the U.S. Is it also an aim to eventually form Consular coins (Roman).

Directors of Philadelphia Library Co.

Gentlemen!

We respectfully offer for purchase by you the magnificient work "Le Trésor de Numismatique et Glyptique" in twenty folio volumes half morocco boards, top edge gilt, uncut, price $350.-

There are 1008 steel plates and it is the finest work ever published on these subjects.

We know of but two other copies in this country one of which is in the Astor Library New York City

It cost $50 to bind.

S. H. & A. Chapman

It is an unusually fine copy and is cheap at the price, — See Rollin et Feuardent's Catalogue of Numismatic books Paris 1874 where they got the prices of 19 of the volumes at 1135 francs which with 115 francs added for the additional volume = 1180 francs = $236. which with $50 for binding and say $10 for freight &c. &c. would amount to $

Dear Sir,

The package of coins arrived yesterday afternoon, and we shall inquire the cause of the delay of the New York agents.

We have to day examined the pieces and will make complete returns next week.

Before its arrival we made a search for a description of the medal of Heman, Main and Ribick and at once found it in Le Thesor de Numismatique, (of which we have a fine complete copy in 20 vols folio), Medailles Allemandes Plate VIII, No 8. Ribick bore the title of Doctor of Laws, and was appointed Royal Councillor by Ferdinand I of Austria in 1531. We do not know how such a medal of no national significance could bring such a price as £50 unless two parties gave two dealers unlimited bids without expecting they would come it to such a price, when it can be made for £20. Please do not send us anything of this character without having quoted it beforehand.

The Cromwell [illegible] medal is a counterfeit. We both pronounce it a casting. This is in fine condition than the worn pieces we usually

William Webster. Esq

Dear Sir.

The package of Coins arrived yesterday afternoon and we will inquire the reason of the delay of the New York agents.

We have to day examined the pieces and will make complete returns next week.

Before its arrival we made a search for the description of the Medal of Herman Muir, and Ribeck (meant) and at once found it in Le Trésor de Numismatique (of which we have a fine complete copy in 20 vols folio) Medailles Allemandes Plate VIII No 5. Ribeck bore the title of doctor of Laws.

We cannot see such a medal in the country.

The Cromwell medal in our judgement is a casting and upon its return will give it a close examination.

The following numbers of the consignment do not suit us and will be returned. Nos 41, 43, 50, 51, 52, 58, 66, 88, 118, 124, 125, 129, 130.

What is the weight &c of the medal of Antonius Otthoboues 1720 by Giuseppe Ortolano and please if not troubling to much give us its history also what is the value of the Carrara medal of Francis June, 1390?

Knowing you to be seeking the Truth, and to be desirous
to serve the Elder Jesus, we assure

Robert Shields. Esq.

Dear Sir.

We have just received a reply from a gentleman in Canada to whom we wrote about the Canada medal, his reply is a very unsatisfactory answer to our questions. the matter with him is that he has an axe to grind, he says "It may be worth $25. but I have a duplicate with one or two dirges on the obv, that I would be willing to sell for $18. net" from the tone of his letter we think the medal is not worth any such amount, but by our asking if $25 was too much from us, he thought it was a splendid opportunity to get a duplicate off, we believe the medal is worth about $10.- but not any more.

Will send the ironing to gentleman with a few fine engravers in a week or so.

Will try and get further information about the medal but for the present we would advise you to decline it.

Very Respectfully

Mr. George E. Jackson,
Dear Sir,

Your letter of the 9th together with package enclosing $7.80 and coins returned $0.80 were duly received.

We have taken the liberty to send herewith a few specimens coins all in good condition which you may not have, amounting ($11.30)

The prices have increased in Europe to such an extent that we could not import them for those marked.

It is difficult to obtain satisfactory specimens which can be attributed of the Byzantine period.

We have just received an importation of Constantinian denarii in extremely fine condition and perfect impression prices from $1.75 to $2.- and if you would so desire and would probably purchase we will send a selection on approval.

Please to always return the coins not wanted at your earliest convenience.

Yours Respectfully

T. Harrison Garrett. Esq

Dear Sir.

Your letter of the 16th and package returning a portion of the coins received and as per your account with the exception of N° 142 Pope Pius medal which was not in the parcel

In our judgement, which is confirmed by comparisons, we do not consider our prices high on any of the pieces.

We always endeavor to place our valuations correctly and as low as we properly can do and do not deviate from our marked prices which are the same to all persons.

The pieces in the present lot are nearly all numismatically fine in condition and perfection of impressions

We have carefully looked over the copy of the bill and do not see a single number on which the price is too high or even high while many of them are decidedly too low and could not be offered at our prices.

We notice that in mentioning that the Hist. Library had purchased the Trésor de Numismatique, we neglected to state that I was last Sunday after in had leave of from to go.

Very Respectfully

W. & E. Woodward

T. B. Disney Esq

Price $20.

Prof. Jules Marcou,

Dear Sir,

We were much surprised at your reply written on the lower part of our letter of 11th ult. declining to send the impressions of the Peace Medal granted for presentation to diplomatists, after you had in your letter of the 20th of October promised to do so, and we had replied thereto and had sent a copy of the Bushnell price list; but if you will not do so, will you please make a rubbing with the butt end of a pencil of the obv. & rev. but more particularly of the obv. i.e. the seal, on the enclosed pieces of paper and return them in the stamped and self addressed envelope herewith sent. We wish them for the purpose of comparison only, as stated in our first letter, and it is a point of decided numismatic interest which we desire to determine, whether both obv. & rev. are from different dies from the proofs.

In making rubbings the piece of paper should be folded tightly around the medal and the ends under oneside, to prevent it slipping and held firmly upon the table, and then rubbed over with the butt of pencil. Hoping you grant the above request, we remain

Yours Truly, S. H. & H. Chapman

Phil. Jude Mason,

Dear Sir,

Dear Sir.

Your letter of the 23rd recd.

Thanks for your greeting and we wish you the same. We are not sure of exactly understanding your wants, are they — that you want the unit of value of each country? as for instance the franc of France, the mark of Germany the Lira of Italy, the peseta of Spain etc or do you want complete sets of the coinage of each country all the different denominations from for instance the centime to the five franc of France.

Let us know just what you want and on our agreeing it will advise you.

Very Respectfully

Dear Sir.

Your favor of the 21st enclosing Check $415.00 Note 1105.00 = $1520 received for which please accept our thanks.

We have not been anxious about the safety of the package but have desired to know what pieces were sold and to have those pieces not purchased returned to us, that we may have them in stock for sale and not lying dead. This is the inconvenience to which persons who return coins for such a length of time puts us, for example the Lucius Verus Aureus we described some time since to a customer, on Wednesday last he write to us ordering it and we not knowing whether it was sold or not did not answer him as we were waiting your reply, and on Saturday he telegraphed to us asking about it.

You state if your prices are too steep we have carefully looked over the bill and do not consider that there is a single piece marked at more than the proper price and some of them are too high for the condition there is great difference in the value of an Ancient coin between a fine piece for an ordinary poor specimin and one in fine condition a good impression and of fine execution.

When we again send you a package we would request you to give it your immediate attention and make returns within 10 days of its receipt.

We have just received an importation of extremely fine family denarii and will in a week or so send them to you for selection.

Wishing you the compliments of the season, we remain

Very Respectfully.

W. L. Hepworth, Esq.

Robert Shields, Esq.

Dear Sir

We send herewith the Selection of coins which we have mentioned to you in previous letters.

There are many fine, rare, and desirable Coins in the lot and we hope you will find some acquisitions to your fine collection; many of the Coppers we have not seen duplicated.

You will notice we have marked the 1794 Dollar at $30, which is less than we have ever bought & selling it for, it is a good dollar and reasonable @ $50, nearly what it costs us; we have marked the prices on the others as low as we possible could and you will see the prices are cheap at the prices.

We would request an early reply and wishing you the compliments of the season and a happy New Year we remain

Very Respectfully.

The Consular Denarii are extraordinarily fine for condition and perfection of impressions and it is for these reasons that the prices are greater than for worn and miscellaneous pieces, and have marked the prices as low as possible and are reasonable and cheap

Dear Sir.

Your letter of the 20th received the 24th but the coins did not arrive until to day.

We have examined them, and find they would not be worth $45 to us, nor are they worth that amount

Cents are very rarely sold as a set, so please send your prices on them seperate and we will offer them, charging 20% commission on those sold.

Did you send the package through Adams Ex Co direct and paid through to Phila? answer. we had to pay 20¢ on it from New York here, and do not think the Company should have charged it. Send us your receipt & show them

We have made a few changes in your conditions, which you will find marked on the list inclosed.

Our next sale may not be for a couple months.

Hon George M. Robeson

Dear Sir

We have been informed that you, with Mr S. V. Niles, have been appointed Administrators of the estate of the late J. Hilly Aulick Esq, and we write tendering our services to the estate in disposing of his collection of coins.

We have had charge of his numismatic affairs for years and have possessed his entire confidence and had very pleasant relations with him, his letter to us dated the 26th of October closing with, "I am obliged for the catalogue just received from you and if I see anything I want in it you will hear from me again, accept thanks and oblige Yours Respectfully J. Hilly Aulick" and it is with our last that the correspondence is ended.

We would purchase the collection for cash or a catalogue it for sale at auction in Philadelphia or New York for the regular commission, taking entire charge of the sale, cataloguing, printing, advertising, distribution of catalogues, managing the sale, auctioneers fee, and expenses

12 30 2

and we are sure that we could make the sale a success.

In our sale of March 2nd 1881 we sold the duplicates of his collection at auction and with results satisfactory to him as he states in his letter of the 9th of April 81, "Yours of 4th inst with check and statement of accts of Sale March 3rd recd, and is entirely satisfactory, Accept thanks and oblige. Yours &c." and we have no doubt but that he would have placed the disposal of his private collection in our hands.

On the 10th of November we purchased per order of Mr Mellick of Ph. a medal for Ph 4, etc, amounting to Ph 5.35 which we forwarded and which was not replied to, on account we suppose of his illness.

We sold the collection of the late Charles I. Bushnell Esq. of New York City, on the 20th to 24th of June last and made it a great success. the total being Ph 13,900.47 the largest sale which has ever taken place in this country, and a copy of the catalogue (a 4to 136 p. 3000 lots) of which, Mr Mellick possessed.

As it requires not less than three months for the preparation of the catalogue &c, you will perceive that no time should be lost in order to have the sale take place & before the middle of Spring, which is the best time to sell

13. 30. 2

Next we see how Neal we could locate the site a second.

We can use of Theorem 4.3.11 we note the duplicate of his
collector at another and each result determining to him as
he starts in his little of the 9th April st, "Upon the "next with
that and determined of each of his Theorem 3."each, and is distinctly
distinctive. Except thanks and oblige. Yours ever." next we
know no doubt but that he would have Please the
pleasure of his pleasant collection in our hands.

Over the 810 of Nevada we purchase for under of the choice

Your account is now balanced in full to date. Mr Steigerwalt cannot undersell us on coins of the equal conditions, and we do not think he can sell as low as we.

When you are ready for some more pieces, drop us a line and give some idea of what kind you can use, will make prices as low as possible, but as coins are advancing in price and we have as a rule to pay more than a year ago, collectors must not expect to get pieces too cheap.

We enclose you a Penn medal with our compliments, and wish you a Happy & prosperous New Year.

J. L. Twining. Esq

Dear Sir.

Your favor of the 28th Dec. rcd enclosing Cash $36. Rcta 170.55 = $206.55. leaving a balance of $25.75 made up of 1796 1/2 Cent $21 and bal of $5 less 25¢ error in your part in 44 1/2 dimes 75¢ instead of $1 as you quote it.

You state in your letter that you enclose $41. Cash, there was but $36 - made up of 7 $1 - 5 bills - ~~under~~ and a 1 and a note. You have probably made a mistake in counting the number of 5's note.

We have examined the Relic account but find the trunk was not included; Mother says it is worth $8 to her, but if this is not satisfactory we will return it.

The 1802 dollar is worth $6 and the 1801 dollar 2, to us.

What were the prices returned which you would like to have us? Sorry you did not return them.

Thanking you for your selection and promptness, we remain

Very Respectfully.
S. Hon. H. Chapman

Wm. Webster, Esq.

Dear Sir,

We enclose herewith a statement of account and draft for £7 18 5 to balance. We returned the pieces not taken on Dec. 22nd and have been prevented by affairs which recently occupied a great deal of attention at this season from sending the statement at an earlier time.

The party to whom we sent the Alexander stater returned it on account of the high price (we only asked 10/-). A medal like No 129 cat. not, as far as we know, be sold at present here. The Cromwell medal we both, at sight, pronounced a counterfeit by casting. We have had a large experience in counterfeits of modern coins by this means because of the high value of some of our coins for this date.

We retain the coins selected, with three unimportant exceptions, as above and have also kept for further consideration Nos 21 & 24 as the prices seem too high especially the latter Cunobelin ~~tetradrachm~~ £7. 5, some of our catalogues at hand quoting it at more than £6 10s fine.

Wishing you a happy new year, we remain

Yours Very Respectfully

S. H. & H. Chapman

Mr. J. A. Caldwell,

Dear Sir,

Your letter enclosing the coin etc. was duly received.

The coin is a di-drachma or piece of two drachms of the City of Tarentum in Calabria, the S.W. portion of Italy, bearing on the Obverse, a Youth or horseback to right, behind him the numerals R=AP=AR probably the commencement of the name of the chief magistrate and might be for Archytas who lived about 400 B.C. and drew up a code of laws for the government of the city; beneath the horse [illegible] a mythological symbol, between the horse fore legs one letter now obliterated;

Reverse,- Taras the son of Poseidon (Neptune) riding a dolphin to left, and holding in his right hand a vase, on field TARAS in Roman characters, which was also the Greek name of the city.

Tarentum was the most powerful city in Magna Graecia, and maintained its greatness until taken by the Romans in 272 B.C. These cities were autonomous that is, independent democracies. The city was retaken by the Romans after the Second Punic War and entirely reduced.

This piece was coined between 400 & 272 B.C. and is genuine. Our price for it would be two dollars.

The only coin journal published in this country is the American Journal of Numismatics, Boston, published quarterly at $2. per annum and we would recommend to you Humphreys Coin Collector's Manual 2 vols 8vo. with plates price $4 the two, which contains a general review of Coinage from the earliest period to the present time.

Yours Respectfully

Mr. Colin E. King,

Dear Sir,

Your letter of the 8th and package containing the Washington Cent 1792 were received yesterday

The statements in your letter and particularly that ~~you~~ you think that your father fully intended to keep it, perplexed us as to our proper course but we have decided to return the coin to you at once, as we do not wish, by hasty action, to have a coin which you really desired returned under the circumstances of your Father's absence, of which, of course, we could not have been aware.

The customer to whom we alluded is Mr. A. W. Jackman of Bath, N.H.

This is a grand and beautiful coin and the finest of the period.

Upon your Father's return please do not forget to reply.

Yours Respectfully

Dear Sir.

Your esteemed letter of the 16th enclosing bids for the Britton sale, received.

Your bids will receive our best attention and you can rely on our buying as low as possible.

The Negro in Hazeltine sale brought $25.50 and the "Three Bell Piece" brought $10.50 bought by Scott.

We called on the Bushnell day before yesterday and gave him some memoranda regarding the Good Samaritan Shilling. to look up his fathers letters and see if he could find any letters pertaining to it, after about 4 hours work he found a letter from the gentleman in London from whom it was purchased, this is a great point gained as the piece is a reliable, honest well known one, we will write to him and continue to hunt the letters keep this strictly quiet as we do not want it known until we are ready.

Will keep the Bits ten shilling for you and sell it with any piece which we may secure at Britton sale.

What is the size and quantity of the 1816 $5.00 Coin? Could use the Bell Piece at about $10.00 or a shilling rate the smaller the better. Send the 75 Cent and any others you think we could use, also the 1795 98 Eagle

W. C. Wyman. Esq.

Dear Sir,

Your letter of 22 received.

We send herewith coins to value £32.10.

Will allow you 5 p.c off marked figures.

These are an unusually fine lot, the Roman Family coins being extra specimens both for state of preservation and being even impressions, and scarce and rare types.

The prices are marked as low as possible and in many instances only about 10 or 15 p.c above the cost in Europe, which is considerably increased by cost of importation.

Besides the Ancient coins we send a selection of Foreign gold and silver coins.

Returns to be made either or ways.

Very Respectfully.

S. H. & H. Chapman

Dear Sir

Having recently purchased some few desirable pieces we send them on approval.

R 1783. Washington Cent. Unusually good. 1.-
R — Geo. Washington. North Wales piece. Better than often seen 1.25
R 1795 ½ Cent. Very fine & rare. 4.75
R 1810 ½ " Uncirculated. Rare thus 1.50
R 1808 Cent. 13 Stars. Extremely fine, strong even impression and of beautiful light olive color. One of the finest cents we have seen of this date, which is one of the most difficult to procure in anything like fine condition. Extremely rare 20.-
1803 Dime. Obv. Very fine for date, no flaw or crack in die, &c. Extremely fine or almost uncirculated, the little feathers on eagle breast are untouched by wear. Even impression. This very elusive dime of this year is seen better than good or very good and generally has a large break in the die, sometimes covering the 180 of date. Extremely rare. and if put at auction we think would sell for what we ask a much more. 1st the last one we had dime only very poor like for $3.50 and this coin is even rare in fine state. 20.-

Giles F. Bushnell. Esq

Dear Sir,

Your letter of Jan 22 inclosing copy of Mr Taylors letter, received. Thanks.

We wrote to a gentleman in New York who we thought would know Mr Taylor. He replied stating that Mr Taylor died some years since, and that he was a reliable, trustworthy gentleman.

As we cannot get any information from that source we would ask you to try and find Mr Taylors letter in which he sent the Good Samaritan shilling if this can be found it will settle the matter we think quite conclusively.

We have sent for and rec'd the Am. Journal of Numismatics and have been hunting nearly all day trying to find the catalogue of Mr Woodward's sale in which he put that article and after almost despairing of finding it, we succeeded. S.H. Chapman will call (with the catalogues &c) to see you on Tuesday next the 30th inst. about 12 o'clock.

Very Respectfully.

S.H. & H. Chapman

Dear Sir.

In looking over some letters to day we find are of yours which was not answered and we must apologize for the neglect and oversight.

№ 2756 Austria silver medal on the destruction of the Spanish Armada, brought $2.50

You speak of having picked up a Washington dollar of 1792 we would very much like to see it and if you wantes to sell could put from $60 to $70 for it, if in condition as you say; you have Crosby book compare it with Plate X №s 10, 12, 13, 08. if it is from the same die as either and not an electrotype, it is genuine, but be careful it is not from №25 which is Ben Allens counterfeit of it from which the word COPY is sometimes erased on the piece slightly worn to give it a genuine appearance.

Let us know the result of the above comparison.

Very Respectfully.

Your letter of 24th ult came duly to hand.

We have examined the coins and find the cents to be in such poor state of preservation as to be valueless for more than face, with the exception of a 1794 fair, 1826 & 1790 & 91 uncir for which we allow their value, the other coins are of no value for collections with the exception of the N. J. cent of 1787 for which we allow 75¢, the others we allow what we will get for them, and find a/c amounts to a total of $5.- which we enclose herewith, if not satisfactory let us know and we will return the coins.

We allow for all the pieces are worth and regret that it is so little, wish there had been some rare pieces for which a large amt could be paid.

Please acknowledge receipt by postal.

Very Respectfully

Farmers & Mechanics Nat Bank.

Gentlemen.

Our check for Seven (7) dolls drawen to order of Estes & Lamiat Boston and which you had protested yesterday without just cause instead of sending holder it to us for verification of signature. We will pay the $7 but under no circumstance will we pay protest fees or any other expenses.

Such actions as that of yesterday is very annoying and subjects your depositers to much inconvenience and trouble.

The check coming through a perfectly legitimately channel which you could recover had any thing been wrong and for such a very small amt. should have been sufficient for your purpose.

Above is all we have to say in the matter unless it is desired to subject us to more trouble.

Very Respectfully.

S. H. & H. Chapman

Your postal rec'd.

We did not purchase the 1802 dime as it sold for $49.— it is the same piece we sold in our Bradbury sale for $25.50.

Coins have taken a most decided bounce upwards doubling and thrubling former prices

Please let us hear your decision in regard to pieces sent on approval at once, as we wish to get every coin in that is not sold.

The pieces sent would at the rate they now sell for bring double prices marked.

There is $9.25 to your credit.

Fox Esq. Eq

Dear Sir.

Your prompt purchasing Oct 4. 1909 bal-
ancing a/c to date, received. Thanks.

You are laboring under a great mistake about
the way of selling coins at auction, - every
coin and lot is sold to the highest bidder unless
where a limit is specified in the catalogue, no sale
is as fair or could be fairer than a coin sale, the
dealer who catalogues ~~coins~~ whether he owns them
or not has to pay the full commission to the
Auctioneer if they are bought by him, when
a collector or in fact anyone else puts his coin
on the market it is to be sold, if not he would
have his expenses for no returns and then when a
catalogue is issued the sale must take place as other
dealers have bids from their customers.

We fear you will find your bids on Cutler Sale
were too low, and would advise you to get
a ~~price~~ priced catalogue of that sale, can send one for 4¢
stamps. Your expectations will not be realized, as coins have risen

considerable & an advance and are very likely to increase.

Have not the pieces you want, but in our next sale will be a Spanish dollar Countermarked by British mint with head of Geo III same as on the American dollar & pronounced in sale. and what makes it all the more curious is the fact of its being a counterfeit which must have escaped their notice

Very respectfully.
S. H. Chapman

P.S.

We have nearly finished a Catalogue of a very fine lot of coins, mostly American. Catalogues will be ready in about 1 month and we hope to receive some bids from you. Excuse this bad writing as I have been quite sick for a few days.

Dear Sir.

Your favor of 3rd enclosing per Cash $20. 24.50 44.50 received this afternoon & thanks.

We will not take the prices at the $.50 if it was your intention not to sell, so will put them in our next sale.

We wrote your questions about the market etc; some of which were answered in our letter of the 3rd.; if you intend to sell, we can say we will get the highest Market prices, and we doubt if they will advance much if any over present rates. Your collection being fine would sell well, and we do not fear but that you would make on it, the 94 doll for instance would bring from 75 to $. 100 dollars or maybe more, we cannot remember how it was exactly.

We would issue a fine catalogue of the collection and think it would be best to sell it before Summer.

Our next sale (about 2 months off) will contain some very fine pieces.

We have Garvin No 77 p 266.

in bronze proof @ 5.25

The person from whom we obtained it says that they were struck for lodge members only and are not obtainable outside. There is one request we have to make and that is, that you do not tell where you obtain your masonics (those coming from us) or even write to a lodge or commandery who's name appears on a medal, as we sometimes obtain them from persons who made or struck the medal and who let us have the one retained for themselves and if as in the present instance the lodge knew of this being offered it would create trouble.

Messrs Sullivan Bros & Libbie,

Dear Sirs,

We received the catalogues of the collection of Dr. Fowle this afternoon.

We have not yet had time to examine a copy, thoroughly and one of us being absent in New York attending sale can not say positively whether we will attend in person. (it is our intention)

We are glad the catalogue notice the electrotype copies which we remarked when we saw the collection the early part of September, but our address is wrong on the inside of cover as we removed from it nearly a year ago; we thought we left a card with you during our visit. Please to enter the address as above.

We note your hours of sale and think if it continued nearly all day as it appears, that it will be very fatiguing; we suppose the coins will be on exhibition the preceding Monday and Tuesday. Will they be exposed on the days of the sale?

Yours Truly

Dear Sir,

We received the catalogue of the
collection of Dr. Frank Hall Standish.

We have sent the Rael Bros. to appraise & offer, they
report none are for sale being absent in New York. Although really
can not say positively whether we will offer or not.

We do find the catalogue quite the most complete of this
kind we have ever had when we come to collect the small
part of duplicates, but we should be sorry to see the single
copy go into general use it would be a pity, as there
are many books we should like to secure. Please do not
offer duplicates at once.

We must also have a book card which is to contain
only an item as it shall be sold & we may keep track
of purchases. The price will be affixed as the item
is sold.

Yours truly,

[illegible]

A. Galpin Jr. Esq.

Dear Sir

Your letter of the 19th received.

We are indeed very sorry to hear of you being ill but hope your health may soon improve.

Foreign coins are bringing good prices, and if you will entrust us with the sale, we can we believe make it successful.

Our usual charge for cataloguing is 25% which includes auctioneers fee, printing cataloguing, advertising &c &c (all expenses) but in this case knowing your collection of 700 pieces will make a choice one days sale we will agree to take it at 20% twenty per cent which will include all expenses as above.

At our sales we bid on every lot being always ready to buy for stock, Consequently other buyers must pay a fair price.

Our reputation for correct descriptions induces buyers to bid well on what they wish.

The sale should be held before summer and if you conclude to send them to us, the sooner the better.

We would issue a fine catalogue and save no expense or trouble.

Matthew A. Stickney, Esq.

Dear Sir,

We desire to know if you have seen your book and would have time to devote to your aims, in selection of those duplicates you mentioned, or the disposition of collection, as we are considering the advantageousness of our visiting Boston, to be present at the sale of Dr. Fowle's on the 7th, 8th, and 9th, Wednesday, Th[illegible] week; and could then join us to Salem to see you.

The sale is hardly worth attending and especially on account of the bad cataloguing, as it is extended beyond reason by the placing of the copies in separate lots, &c, and many of those pieces catalogued as genuine, we know to be false.

We could go to Salem on the 8th or 9th, or Saturday after the sale, but most conveniently, probably, on the 9th, Friday in the afternoon, as that portion of the sale would not require our personal attention.

We duly received the postal card conveying your kindly expressed thanks for the Bushnell catalogue.

We sincerely hope that you are well for we remember with pleasure our brief visit to you about the early part of Sept.

Wm. Webster, Esq,

Dear Sir,

Your letter of the 22nd of January was duly received but press of business has prevented answering until now.

We noted what you stated about the edge of the Campanian dentum coin having been filed. We gave this piece particular examination on its arrival from you, as it had a curious appearance from having been cracked and gilt & subjected to the action of acid to destroy the alloy and bring the gold color to the surface, and the edge was then, as you desire, for about half its circumference, filed & scraped. We both remarked this fact at the time upon its receipt. It has probably passed through your hands the first time without the condition of the edge attracting your attention though it may now seem so palpable.

We are glad that you have remarked it and we always desire you to mention any defect, damage &c which a piece may appear to you to have received while in our hands.

We did not re-file or scrape it, nor did the customer to whom we sent it.

Dear Mother, Father, Sister, Brother,

Yesterday was the 23rd Anniversary of our Wedding Day. We have had many pleasant reminiscences of the past 23 years. We have had many trials & troubles, but we have had many more blessings & mercies. We have been spared to each other, & to our children. We have been blessed with health, & with the comforts of life. We have been blessed with a happy home, & with kind friends. We have been blessed with a kind Heavenly Father, who has watched over us, & cared for us, & supplied our every need. We have been blessed with a kind Saviour, who has died for us, & who has promised to be with us always, even unto the end of the world. We have been blessed with the Holy Spirit, which has been given unto us, to guide us into all truth, & to comfort us in all our afflictions. We have been blessed with the Holy Bible, which is a lamp unto our feet, & a light unto our path. We have been blessed with the Gospel of Salvation, which is the power of God unto salvation to every one that believeth. We have been blessed with the Ordinances of the Gospel, which are Baptism & the Lord's Supper. We have been blessed with the Church of Christ, which is the pillar & ground of the truth. We have been blessed with the Ministry, which is to preach the Gospel to every creature. We have been blessed with the Resurrection of the dead, & with Eternal Life. We have been blessed with the Hope of Glory, which is to be with Christ, & to be like him, & to see him as he is. We have been blessed with the Hope of Heaven, which is to be a place of rest, & of joy, & of peace, & of love, & of happiness, & of glory, & of immortality, & of eternity. We have been blessed with the Hope of Heaven, which is to be a place of rest, & of joy, & of peace, & of love, & of happiness, & of glory, & of immortality, & of eternity.

Would you do us the favor to inform us if you have ever heard or know of anything relating to the Shilling of the Colony of Massachusetts bearing a representation of the Good Samaritan, which was in the Bushnell Collection and is described in the catalogue page 10, no. 145 and illustrated on plate I, and of which we sent you copies.

We are endeavoring to trace the history and former ownership.

It was purchased from Mr. Charles Richard Taylor Dec'd, in 1858, and we have two long letters from him, reviewing the grounds for its genuineness, and the statements, etc, of Folkes, Snelling Ruding in regard to the piece in the Pembroke collection, and giving his opinion that it, the present piece was authentic. He does not state from whom he purchased it but merely that, "I purchased it with ~~among~~ some rare English coins xxx and I offer this rarity at £8. 8. 0. xxx I have some intention of sending a notice to the Numismatic Chron. but this I would not do without consulting you in the event of your becoming its purchaser."

Please reply to this inquiry at your earliest convenience and oblige, Yours Very Respectfully

The following numbers in our sale of March 20th belong to you 57, 57a, 63, 71, 73, 77, 87, 93, 297, 324, 328, 335, 338, 339, 361, 362, 364, 544.

We deemed it policy not to place the limit on the 96% cent as Hamilton had one in his sale March 17th & is almost same condition but his piece had a reflective planchet thus O on side straight, You will oblige us in future not to write any one about coins you have sent to us, until we have reported, for instance, Newlin comes to see the 96% Cent at his price, 150, does not want it but goes and gets one from Russell at about 60 or 70 and puts it in Hamilton's sale thus damaging the sale of your specimen, he is nothing but a speculator and tries to gain information from every one, them to make use of it to his benefit

Catalogues of sale have been sent, but should you need more we can get them from Ahlborn and we will supply him more.

There is not stoppage in the delivery

S Nickels,

Note your bids on pieces in sale, if any should go up to near the figure had we not better let it go, if we think it cannot be got higher? How from present indications the sale will be a success

Are there any pieces in the sale you want to bid on, will not charge you any commission. No 72 for instance a 86. or 173, 256 is far finer than those in your collection the same may be said of 289 We would call your attention to No 302 it is a grand cent. No 55 is extra in condition.

We do not know whether we will be at Fowle sale or not, there are so many false pieces in the lot and the Catalogue so dead out, that I will hardly say.

Very Respectfully
S. H & H. Chapman.

J. A. Fleming Esq

Dear Sir.

Your favor of 2/25/83 received, with enclosure of $150 for which we are much obliged.

The catalogue would be as fine as money and labor can make it, like our catalogue of March 20th which we expect you have received ere this. We will not spare trouble or money in its preparation.

Our commission is based on a percentage of the whole or gross amount, for instance the 20% commission which deducting of 5% from our regular rate would not pay expenses on the 100 lots at a total of $250, but the 150 of $500 would — thus we make an average.

We assume all responsibility as to bad debts, and the loss after delivery into our hands of the collection,

Payment is made in 30 days after sale, gross amount less 20% commission, we paying from ours for all expenses, such as auctioneer, printing, advertising, etc, etc.

In mail with your letter was one from Dr. A. Colfax of Appleton Wisconsin, stating that he had forwarded by express his entire collection to be catalogued by us for sale by auction. His collection is chiefly foreign silver and would not interfere with your

collection.

We have no doubt that we can make it a success, and will take special ide in the sale on account of your having purchased much of your collection through us, if you wish and think it necessary one of us will go to see you.

In our next sale are many fine pieces and some for which you may help to complete your series, if so we will be glad to have your bids.

Very Respectfully
S. H. & H. Chapman.

Mr. J. A. Caldwell,

Dear Sir,

Your letter of Jan. 16th was duly received but other business has prevented our reply until to day.

You were quite right as to the amount enclosed being $1.60 the total of the stamps were $1.04. We have been watching for a coin at this price which would be interesting and fine, as all the pieces we have at present in stock are at much greater value but have failed to meet one and have concluded to send the one inclosed with this letter, at $2.50 and would ask you to remit the difference. It is in unusually fine condition.

Yours Respectfully,

Coin of
Titus
Emperor 79 to 81 A.D.

Obverse, Head of Titus to left, laureated; IMP TITVS CAES VESPASIAN AVG P M, in full IMPERATOR TITVS CAESAR VESPASIANVS AVGVSTVS PONTIFEX MAXIMVS (High Priest or the Supreme Pontiff)

Reverse, A curule chair, upon it a wreath; TR P IX IMP XV COS VIII P P, in full, TRIBVNITIA POTESTAS IX IMPERATOR XV [illegible] PATER PATRIÆ, Holding the tribunitian power for the ninth time, saluted Imperator for the XVth time, chosen Consul for the VIIIth time Father of his Country". The office of Tribune of the People became a farce under the Empire as it was taken by the Emperors and used by them to give them additional power.

A Denarius or penny. This is the only size of the silver coins of the Empire, excepting a few - below a quinarii of Augustus.

Titus held his 8th term of the Consulship during the year 80 A.D. and this coin is consequently 1802 years old.

As general, during the reign of his father Vespasian he destroyed Jerusalem in the year 70 A.D.

We guarantee this coin genuine.

Dear Sir

Enclosed 75 to 81 A.D.

Obverse, Head of Titus to left, laureate; IMP TITVS CAES VESPASIAN
AVE PM, his full IMPERATOR TITVS CAESAR VESPASIANVS AVGVSTVS
PONTIFEX MAXIMVS (High Priest as the Emperor Pontiff)

Reverse, A curule chair, before it a wreath; TRP IX IMP XV COS VIII PP,
in full, TRIBVNITIA POTESTAS IX IMPERATOR XV [illegible] PATER
PATRIE, Holding the thunderbolt placed by the wreath there, be-
tween laurel trophies for the XVth time, above Consul for the VIIIth
time (Tribunitia Potestas Consul). The object of Titus & the Pope
seems to have been the emphasis on his more than ordinary
Emphasis was used by them to give them authority.

A Decennia or Decennij. This is the only sign of the entire
coins of the Empire, Vespasian & Son. Titus is Decennalis of Augustus.
Titus held his 8th Term of the Tribunate running the year 80
A.D. until this coin is consequently 1802 years old.

We presume, knowing the re-use of this Pontiff Vespasian he re-
started Persecution in the year 70 A.D.

We remain this coin sincerely.

Since its arrival we have been arranging, and find some pieces which will not pay to put in, such as Nickels in poor condition etc amounting in all to about $20. this we think should be sold for its market value, and if you agree we will sell it, obtaining bids from a broker and a bid from an assayer, for his service we charge 2½%

Have tried to get the stone but cannot, unless cut to order. Will get the sale out as soon as possible.

Dear Sir,

We duly received your note informing us that you would be engaged in the distribution of your book and had not had time to examine the duplicates.

After a close examination of the Towle collection catalogue we come to the conclusion that it would not repay us for our time, labor and expence to attend the sale.

When you have leisure to select your duplicates and will inform us, one of us will go on to see you.

Messrs Sullivan Bro's & Libbie,

Dear Sirs,

After an examination of the catalogue of the Foote Collection, we came to the conclusion that it was not worth our time, expense and labor to attend the sale which is extended beyond a proportion to its value by the placing of the electrotype coins, and casts and proofs in separate numbers instead of in large lots; and on account of it being almost entirely composed of modern Foreign coins and medals, the Ancient coins which are genuine being few and in ordinary condition, and some of those catalogued as genuine are known to be false.

If you are again holding a coin sale can you not arrange the time of the session the same as is done here and in N. York, 2½ to 5.30 P.M., the coins being exhibited the morning the hours preceding the sale each day.

Dear Sir

Your favor of 10th inclosing check for 14.11, rec'd. We will make the price of the small sets 25¢ instead of 30¢, though it was all right, Mr Hazeltine charged 30¢ for the 5 nickel proof alone. The 20% on nickels does not more than remunerate us for the trouble and you are not aware how much had to done to get any of them, it was a hard job to get more than $3 a day and we were only successful after using means which the mint officials did not like and that was to hire individuals to get 5 for us.

If our case were parallel with those you mention as would would be different, if the Mint had given them out without any restriction we to would not have charged you a commission or at least not 20%.

A Boston party wrote offering us $1 each for nickels.

We charge 10% for purchasing and selecting proof sets and as have the three for you promised us next Saturday, have been three times at mint trying to get them.

Will be glad to have your bids for the sale of March 20th

Dear Sir

Your letter of 6th recd.

We believe we notified you of the shortage in the account of stamps, but even if we did not, it is not our fault, if you were so careless as to hand a party a lot of stamps without first counting them.

We never before took so much pains to give a person information in regard to his coins and your letter is to say the very least of it, a poor return.

Did you receive a postal from us acknowledging receipt of the letter containing stamps? If never sent.

The coin sent you is a fine piece and considering the long description given to it and time spent in writing it, the price is correct.

Occasions of Titus are scarce in perfect condition like that and while we do not doubt your word, that you have not purchased as fine a Titus for 150, yet it is not satisfactory please return.

The coins you sent us we return herewith. as to the Regina, for for attribution 25 [illegible]

Very Respectfully

Dear Sir,

We send you herewith the No 559 which sold for $15.25 + commission $1.52 = total 16.77.

We purchased it for you as low as possible and at the time of sale, Mr. S. H. Chapman fearing that it would bring a large price kept a record of the bids after $8.50 a copy of which we inclose.

Every person to whom we spoke about it in New York, & Philadelphia had never seen it before and among others Mr. Pollock Sect. of the Numis. Society to be said he had not heard of or seen it before

We consider it worth any amount that ~~can be had~~ it would bring and as you will see by the inclosed list it created lively competition.

Dear Sir

Your favor of the 24th instant with
remittance, for which please accept our thanks.

In regard to No 314 we believe it to be uncirculated, but as we state a weak impression, which is sometimes thought to be the result of circulation, but is not but merely it not being struck up, which is usually the case with this date.

The piece is cheap at the price, for 1808 is a date difficult to obtain fine like that, we have one in stock. Extremely fine strong impression. Light stain, but we would not sell it for less than $20.

We always desire our customers to be satisfied and if you desire you may return the piece, though it is up to description.

Very Respectfully,
S. H. & H. Chapman.

Dear Sir. Your letter and package came to hand to day. We have examined them and while there are a few desirable coppers in the lot, still we do not see how they have cost you so much, for instance the 2 pence of Geo III, which sells for 50¢. The most the lot would be worth to us is $1.25 or if you prefer we will catalogue them for our mail sale the Fulton collection, which is ready to go to press, our charge would be 25% and even this only about pays expenses. The Mark Cent is worth about 75¢ who ever charged you $2 for it charged entirely too much, as proof bright red all from 2 to 3.25 to 5.00 120 17th coppers 3 [illegible] lot, make [illegible] they sell as we would cash, advise. Dear Sir, There is a matter about which we intended to write you long ago, but until now it has escaped our notice. i.e. You returned a plate catalogue of the Buchanan Sale with express charges which had to pay. 50¢ the catalogue was badly stained with water and soiled which was not our fault, as we will hold you in debt to us for it 5.00 express ch. 50 = 5.50 and we will on receipt of same send the catalogue.

We were very busy when it arrived & or we would not have received it back, as it was not returned before sale and even then for no cause shown.

The order was given to Mr Copan who sent the catalogue at once on it being issued and we had really no reason to doubt error of yours or his, good, which you see we do not believe to be, as we do not consider it just to ourselves. Please give the matter your attention.

Dear Sir,

We have recollected the result of sending extra specimens to you before, and fearing this would prove the same, decline to send them.

Our decision is further strengthened by your last direction to send them by 4th class post[illegible]

[illegible] is too great

Your former letters show you have not the proper idea of conditions, and we recently came into possession of a catalogue of one of our sales in it which you attended and your marking some [illegible] you marked "as good" &c, &c — on distance, in one of the latest packages sent you was an 1841 dime in very fine condition (extra fine) @ 3.25, do not remember what you wrote back, "worth 2.5", being 48 in cabs just as good" since sold it for 2.75 another in same condition in our last sale brought $3.25, 1841 dime is known to be rare and difficult to get in such fine condition and yet that was your opinion.

Very Respectfully,

Dear Sir.

Your letter of April 2nd enclosing 1801
Cent returned received.

We find by refering to the catalogues you mention,
Roach collection catalogued by S.H. Mayfield in 1459 1801
Cent too over 1/000 cat, as uncirculated, strong impression brought
$11.50 it was not strictly uncirculated, as the bid book you showed
uncirculated crossed out, and not strictly marked above.
Same cent sold by Mossend. brought $10.30.

We think the cent we sent you is probably a finer
piece than it was, and the price is not unreasonable.
You will find it very difficult to get one so strong and
fine as this. it is one of the best we have seen of 1801 and
for this rare variety too over too is even more desirable.
Enclosed please find our check for $7.15 in full
payment for the 1808 Cent returned.

1801 Cents are usually very weakly struck particularly in wood
LIBERTY and face, in the specimen under consideration it is bold and perfect
in these parts.

Wm. E. Baldwin Esq.

Dear Sir.

Your letter of 4th received and contents noted.

The prices are low, correct and reasonable, considering the extra quality of the pieces.

Your idea of the prices of the 1804, 1808, 1809 being too high is incorrect, as they are really cheap and marked almost at cost. If you will just consider the prices they sold for they bring at auction you will see the truth of above. They were all marked as low as possible and will decline your offers. The 1796 X.C. of cents as will be it does not now belong to us and the owner will not take less than $35 for same off, 1822 same way cents as $7. We could not replace the pieces to day for what we sold you.

Wm. J. B. Litchfield,

Dear Sir,

Your letter of the 6th to hand. At present we have only a 1796 half dollar of the coins you desire but have recently had all in stock and have an 1797 over 1813 in our next sale of May 1st.

The 1796 half dollar is in fine condition and very fine for the date, a sting, even impression, price to you $72. and is worth at least $80 retail to $85. We at first decided to send it, but fear it is a rather finer specimen than your party might wish to go to this price for; and if upon receipt of this you think it would suit and will inform us we will send it. We have just sold one a few days ago which was in good condition with some slight scratches which would probably have passed.

The above price is cheap and reasonable at the price.

Yours Respectfully

Where a number of pieces are catalogued under one number, they are to be sold as a lot, at so much each piece, the lot not to be broken.

If you will send us a list of the numbers or lot you desire we will buy them as low as possible. but we generally prefer Collectors to mark their highest limit and we then buy as low as we can. Your bids will be gladly accepted and we trust you will find the prices low & satisfactory.

Mr. John C. Schayer,

Dear Sir,

Your letter of the 19th inclosing check for $27.60 in payment for the dollars received.

These dollars and the proof sets were all in a large lot of U.S. silver which we recently purchased.

In writing to you about the proof sets we were not particular to state the actual dates and when your letter came offering $4.50, "providing you send the whole line", we decided to write to you again as there was not an 1864 set and there were duplicates. One of us went down town and met Mr. Walter and ~~then~~ he mentioned to him that we had a large lot of sets and he (W) said ~~that~~ he thought he could sell them and would telegraph to his party and let us know in the morning. Next day he offered us 4.50 for the whole lot and as it was more advantageous to sell all we accepted, and now you have bought them from him.

Yours Truly

Dear Sir.

We desire to offer to you the rarest Coin of the U.S. Regular Series, viz 1815 ½ Eagle, in uncirculated condition with perhaps what might be termed the slightest touch of cabinet friction, a strong, sharp, and beautiful specimen. but four specimens of this date are known to exist which cannot we think be said of any other date of U.S. coins, it is of greater rarity than the 1804 dollar, and in a few years when the collecting of gold develops it will no doubt command a very large figure. Price $10.-

You allude to a very rich buyer purchasers Messrs Flood & Sewall in your letter. We are acquainted with Mr Sewall and have had some knowledge that there was a large buyer in the fur trade but we do not know his name

As Mr Flood to whom you allude the partner of Flood O'Brien & Mackey and if you know it would you please give us his present address, though we suppose it is San Francisco, we believe his full name is J. C. Flood.

Should there be any coins in the sale May 1. we would be glad to execute your bids, sent to N.Y.

Mr. A. Galpin,

Dear Sir,

The sale of your collection yesterday was very successful, the quadruple crown, 129 brought $30., the triple crown 135 brought $29. and the recent silver proofs and medallets thalers bringing from $2. to 4. each. The common crowns of Leopold, Ferdinand etc, sold low, as large number of them have been imported during the last two years and they have been selling in the office for less than the cost of importation. They can be purchased in Germany for from 6 to 7 marks each

We did everything in our power and whenever there was a bid pushed it as far as we thought possible.

We have not yet had time to make up a statement of the exact amount of your coins. The total we have not yet exactly, but it was over $300. ~~[illegible]~~ for the whole sale for till about $50 belonged to me and the parties.

We send by this mail a priced catalogue and will send a statement in a few days.

Yours Respectfully

was duly received, ~~all~~ for which we thank you.

We will allow for the telegram but the express or postal charges are always charged by us in coins ordered; we therefore place .50¢ to your credit

We send herewith the 1823 Quarter dollar at $46.— and have placed the price at the lowest. It cost us $41. and expence $2. This coin was sold in the sale Feb. 20-23 for $56. and is cheap at the above price.

It is excessively rare and we think is probably as rare as any silver coin of the U.S. and that there are not over a dozen uncirculated known. We have waited before sending to see if you wanted it coin the 1817 over 1813 Half but it brought $1.60 upon list $1.50

Dear Sir.

You seem to be misinformed as to the market, for the price of desirable coins has risen instead of declining and in consequence we have to pay more for fine pieces

The Bushnell sale is no doubt a very good price list but if that sale were held to day we think it would bring 30 per cent more than it did, the Cent of 44 you mention we sold for $200 or $50 and would gladly take it back at those figures as it was if we remember it correctly of a very pretty color.

Do you wish the 1811 Cent sent @ $7.- it is a very fine piece.

Of the other dates you want we have 1800 decently fine @ about $4 or $5 and 1802 very fine but if you wish it will do.

Sorry the pieces sent do not suit you, but they are the cheapest pieces.

Are there any other dates you want?

Hon. Hon. Webster,

Dear Sir,

Your letter of the 13th of March was duly received.

You appear to have misread our letter of Feb. 27 in regard to the Campanian electrum piece, as (we will quote in full so as to finish the matter) you state, "I accept your statement ~~in~~ respecting the Campanian, but it was a mistake to subject it to the action of acid, the gold not being of a sufficiently good quality in any of these pieces."

Please to read our letter again and you will see that we did not say that we subjected it to acid, but wrote as follows;

"We noted what you stated about the Campanian electrum coin having been filled. We gave this piece particular ~~attention~~ examination on its arrival from you, as it had a curious appearance from having been corroded and gilt & subjected to the action of acid to destroy the alloy and bring the gold color to the surface, and the edge was then as you describe, for about half its circumference, filed or scraped."

The coin had been cleaned and gilt or subjected to acid and the edge filed or scraped before we received it, and was not submitted to such treatment while in the country.

We returned it in the same condition in which it arrived.

We enclose P.O. order for £1. 16 in payment for the two consular denarii returned from last invoice at £.7.5- and 15th = £2. 2s 10d = 1.16.

We thank you for the information regarding the Samaritan Massachusetts shilling.

Philip C. Garrett,

Dear Friend;

We desire to offer, for sale, to the Pennsylvania Museum, a Collection of Egyptian Antiquities and have had conversations with Dactor Dorr in reference thereto: and he intends, at the meeting of the trustees to-morrow Sixth-day afternoon, to lay the matter before them.

The collection was offered to the museum before, at a figure about $8,000; but it has now been placed in our hands and we believe we can obtain it, at a very reasonable sum, about $3000., and that it would be a valuable acquisition to the museum.

If it would be convenient or desirable to thee to see us to-morrow forenoon, before the meeting of the board, we will call at any time and place thee may appoint, (informing us by telegraph at our expence) or at our office as above.

Very Sincerely

Mr. Dallas Dorr, Secretary,

Dear Sir,

We desire to offer for sale, to the Pennsylvania Museum and School of Industrial Art, the Collection of Egyptian Antiquities, formed by the late Mendes I. Cohen Esq. of Baltimore, which has been placed in our hands for disposal.

The Collection was commenced by Mr. Cohen in the year 1832, during his travels along the Valley of the Nile. A portion was obtained at the sale in 1835, of the effects of Mr. Salt, H. B. M. Consul Gen. of Egypt, whose name was so long identified with Egyptian research.

The Collection is a very valuable and excellent one of its kind. We can not as yet place a definite price upon it, but believe we can obtain it at a very reasonable [redacted] sum, say about $3000. If the Trustees would purchase the Collection, we will make and exhibit it and will go to Baltimore for the purpose, and will then learn the lowest price for which it can be sold.

We send herewith the catalogue and an epitome.

Respectfully submitted

Dear Sir.

Your letter of 5 rec'd.

Your Cuts sold very well and as regards those put in lots they brought all they were worth, there was not a "first class" cut of any value put in a lot.

We would not make any charge other than our usual one, it is to do our best for our customer, of course if the cuts are worth it we will sell them separate if not will make a charge of 5¢ a line for printing (cost) and then catalogue and forward.

Our charge is 2 dollars on a fine collection to sell and valuable pieces then 2%.

The only trade I can pass in sale Remarks which consuming trouble of cataloguing etc was very little.

Dear Sir

Yours of 25 inst.

We were offered a 1796 1/2 without stars some time since for 15. but the one with stars is of much greater rarity and the way gold is now selling cannot tell what it might bring.

There is one in extremely fine condition, proof surface with stars on obverse that we might be able to get @ 50 or 60 so if you would take it @ about that figure will try and get it. Let us know if we not as fine being sold lately for 30.

We have in stock and can send you.

~~1799 Eagle~~ 1801 Eagle. Very fine @ 13, 1803 Eagle fine @ 12 and 1811 1/2 Eagle extremely fine @ 50 1812 same condition @ 70 & 1813 same condition @ 50. Gold dollars we have a number of year.

Very Respectfully

Dear Sir

Your favor of the 28th ult. duly
rec'd. & contents noted. Thanks.

For a general information about Greek & Roman coins
we can recommend "Dr. Noel Humphreys Coin Collectors
Manual" 2 vols. 8vo. cloth. 1876. $4 the pair. 11 steel plates and
numerous wood cuts. 720 pages. Ancient Greek & Roman & English Coins
in gold silver & bronze.
Of course there are other works, but as a rule they
are more expensive and treat generally on one line,
such as Maddens Jewish Coinage $5, 4to. Cohens, work, etc,

We have now in stock a very fine Athens with $5 another not so
fine $3. and numerous Ancient coins in gold silver &
bronze, and should you wish will make up a selection & send
them on approval.

Very Respectfully

Dear Sir

Your letter of 28th inclosing $, to hand in full & date, received, Thanks.

Our charge for going to Binghamton would be that you pay expenses and $5 a day while away from Phila but we would advise you to send the collection to us by express, should you wish a catalogue made and printed and an Auction Sale held, our charge would either 20 or 25% on the gross proceeds up paying all expenses, or if you merely wish a manuscript catalogue and value placed on each coin our charge would be reasonable, though we cannot tell how much unless we saw the collection or knew something of the ~~contents~~ contents.

Very Respectfully
S. H. & H. Chapman

C. D. Monroe, Esq.

Dear Sir.

Your letter received.

We make the usual charge of 10% on the gross amt. of all purchases at sales no matter what the total may be, and even then it does not pay expenses except in special cases, as for instance, we bought $775. worth for one of our bidders at Bushnell sale and he paid us the 10%.

As you do not make the coin business your occupation we cannot consider you entitled to the rates of 7½%.

The lot of coins sent were marked very low as indeed we always [illegible] but [illegible] admitted of any little profit.

Please send us a list of your wants or of such pieces as you think you could sell, and we will make up a selection and send on approval.

Very respectfully

Dear Sir

200 of each 1/2 Dimes 6/22/63

January 9 21st rec'd. The reason we did not buy 1853 cent's that we would have had to advance on 850 = 89. and were not positive you would take it, in one dollar was not enough margin to warrant. to risk, not expecting you did so to and also 1/2 cent to handle, but took it as no result.

Will try and get a set for you at the said time to Last sale had an 1850 [illegible] some incomplete We have good will send on approval at 85 & 2 cent. proof surface & nicely worn by circulation, finer than the one in Mr. Cox's March 2nd which sold for 96. will sell it to you if taken at once for 30.
Have also 1857 cent

Have just read a letter from our Cashier for the gold. I offers less than our price but as it leaves a balance on hand I deem it better than nothing as nearly just as the price would stand at par, I think it would be well to accept it.

I believe with the mint
of the gold of this year and
find we can not obtain
such a large number as
only a few about 1000 have
been coined. They can not
be had through the usual channel
at the Mint, but may be obtained
through the U. S. Treasury Washing-

amount in certificate of deposit from a
solvent Treasury and expressing the
convenience of the Mint. We can
the general influence obtain from

A. W. Jackman. Esq.

Dear Sir.

Your favor of the 6th enclosing 6985 received, for which we are obliged.

In regard to the finest 1793 Liberty cap Cent we would say, it is one of the "snaps" of the sale and we are sharing part of the profit bargain with you when we put it at $6. as it is worth $100, being far finer and a more desirable specimine than the one in Frossard's Sale June 30 Crosby piece which Dr Hazeltine bought for $104.00 and it is finer than the one Frossard sold shortly before in one of his sales for $107.-

It is a coin which improves on acquaintance and the oftener we have looked at it the better it appears to us to be.

It is worth the price and we think you will not be sorry for purchasing it.

The price is 35% on its cost but out of that we have to pay N.Y. expenses, our time, when these are taken into consideration you will see 25% was not too much; it is only 20% on our price.

Will send price list Crosby sale on Monday.

We have a nice red and uncirculated 1794 Washington ½ dollar, in copper & v. very fine. The edge slightly bruised. price $4.00

Dear Sir.

Yours of 7th rec'd.

The 1/2 dollar 1836 is of no value over face, but will give you 60¢ for the coppers which is of Sweden not Do America.

We could not tell the value of the collection you allude to, but if you will give us some idea of its contents we will then give you some idea of the value.

Would buy it for the collection you send and pay liberal prices, cannot you send it for our inspection.

The dollar of 1804 is scarce but be quite sure it is not an alteration, a copy or a doll of some other country, as for instance "Bank of England one dollar 1804" "Spanish doll of 1804" but it must be an U.S. dollar of 1804.

Send list of dates & denomination of U.S. coins you have and we can then inform you their value.

Your favor with Stamps 33d Inst to hand

, as the Coin business is entirely their own and to which they give their whole time.
I saw the last letter you wrote them, and note the contents of this. you see how wrong you were as to Lot 620. and I now refer to their "Private Bid Book" and I find Lot 1666. your Bid entered "10 D." and it sold for 2d. no comment or note made on it. But on looking at Lot 1670 I see your Bid "50 D." entered and then crossed out thus ~~50~~ and sold for 30 cts showing that they on finding that the Coins not up to description had Cancelled your Bid. this is how they conduct all Sales. and it is a poor recommend to have their motives, or dirty underhand proceedings Lot 1666 also one described which was the Case I believe with other Lots.

I remain very respectfully Henry Chapman

Dear Sir.

Yours Lett. 30th ult. Was duly received, and would have been answered, but could not find the catalogue, but sent away for 2 weeks and have just returned.

In looking over your list (just from it) we see nearly all are old works and this class we find collectors seem to do not purchase — however, we might purchase them for stock if we could see them and should you send them (freight would probably be cheapest) and we not buy for ourselves we could easily invest them in our sale on commission, when we could get a first class advertising before day of sale.

Please inform us what the coins are which you have.

Very Respectfully

S. Kneed Esq

Dear Sir

Your letter of 7th ult 1853 dollar mislaid

I am sorry you did not take the dollar it is a very fine coin only we not often obtainable. The 1852 dollar in Dr. C. Effort collection which we sold was not any finer if as fine, and it sold for $7, your $5.50 commission would have been $5. had we got it for you, and we were offer the us for $6 Brett.

A Sutton sale on 16th ult sold for $6 - and it was a damage proof. not brilliant.

A dollar of the year 1853 a proof is much more rare than a proof.

Should you wish to reconsider your decision we will send the piece again; and thank you to let us know by return of mail if to your fine collection.

Yours respectfully

Dear Sir

Your letter of 17th rec'd.

Colonials are becoming almost impossible to secure in fine condition & any of the rare specimens; but we purchased from a private collector on Saturday a penny, though we had to satisfy him with a price, and that not much below what we ask you for it. It is no less than a (1659) Lord Baltimore shilling in extremely fine condition, strong, bold, even impression, which you will notice how unusual it is to see one with this qualification, that is the letter N very lightly scratched in field over head, but considering the age and rarity of the piece, these are not the detriment they would be if on a cent. It is just as we received it, and if you will notice is very faintly in the letters especially, which if you should desire, to remove could be easily cleaned with very diluted ammoniac or soap & water, which could leave a fine surface about the same as the day it was issued; as the piece has a fine smooth unscratched surface.

Taken

I consider it a fine Lord Baltimore being a fair bitten impression and

and greatly in advance of the above which sold for $47.50 Of its great rarity and value you are well posted so it is unnecessary for us to say more in regard to it Price $70.—

Also. 1808 Cent. 13 stars. Extremely fine, and the finest we have had for many years light blue which is an unusual color for this year as also, it being cent we ever sold highlessing, Excessively rare and seldom obtainable. Price $20.—

R " 1866 Dollar. Philadelphia mint. Extremely fine. 1.25
Wkens " 1849 Dime " " Unc. Mint lustre. 0.75

The prices on above are not "trade" prices but are really only reasonable fair prices.

Dear Sir.

We can send you an 1838 dollar, brilliant proof $55.

If you will send your collection on, we will at once arrange it and can then say better when to sell, or begin and catalogue for we could never take more time than later on, need not go to press until we saw the proper opportunity and if this much was accomplished it would be a good thing for we could then have catalogue printed and sale under way so as to get on the market at once when the time for a good sale had arrived

Dear Sir.

Your letter of the 24th received & You could sell those ordinary cents better than we, so do not think it worth while for you to send them. We have a lot of about 200 same condition which we would sell cheap.

The boxes are a specialty of ours and our own invention think we would prefer not to sell them.

You do not state how long you desire on the pieces or amount taken, so it is difficult for us to answer you; If you take the lot and send us $50 (or there about) we would have no objection to give 30 days on balance of $248.5 Our business is almost invariably cash (buying and selling) but we always like to oblige collectors in every way we can.

Bought two fine collections to day, one cent, 918 pieces the other Ancients, Gordian cents, [illegible]

N. J. Howard, Esq.

Dear Sir.

Your favor of 19th rec'd and duly acknowledged by father, who we see did not quite understand what we told him about Confed 1/2 dell.

Confederate 1/2 dell was restruck from original obverse die and the figure of Liberty & date side 1861 is made by taking U.S. 1/2 dollar of 1861 and filing off the reverse, then striking it with the Confed die, about 200 were thus struck in silver.

We have not sent Mr Frank Whitted anything, though we will if he wishes it: the medal you mention we think is the one we sent in tin, it is hard to get in silver or bronze, though we may be able to do so

Can sell you 1857 Proof set, dollar, 1/2 1/4 dell, dime, 1/2 dime, 3 silver, & nickel cent, 7 pieces for $2.50 and 1878 Set 2 dollars (Bland and Stat) 1/2, 1/4, dell. 20th piece, dime, 5, 3 cent piece in all 9 pieces, price $3.75

We make up the package very handsomely, but hope these will prove to be many fine pieces to suit you.

We have a 1/4 Centavo of Costa Rica nickel said to be very rare and we cannot find a person who has seen it authentic price

Have a very fine Mark Newby farthing, price $1.75 Cash, dark but sharp & fine &c.

We are obliged and remain your humble servants

Dear Sir.

Your esteemed favor of 1st recd and is as all our correspondence kept confidential.

We could not take less than 30 for the finest 1797 10 star dime and it is equal to the description written you, it is a splendid specimine and we know of one inferior sale being sold for 30 recently, our price is 40 for it but in my Brothers absence I with out consulting him I put it at 30 to which figure he is willing to sell it but not lower.

The 1837 dime is fine for any date and as an 1804 very fine for date, we send a rubbing of it, in making the rubbing of reverse one pencil mark slips and slightly doubles letters it, but you will readily understand it is not double struck as to price.

We think these prices would suit you and for condition are reasonable in price.

If you take them we have no objection to waiting for the money until Nov 3

Will send both on approval if you wish.

Very frequently we can & do undersell auction sale prices, [illegible] to be taken into consideration when making them a consideration is to know who is the cataloguer and whether the piece was equal to the description. Dr Woodward is not considered as being reliable in his descriptions of Conditions.

Very Respectfully

Dear Sir.

Your favor of 3d enclosing Cash 6.10 / Rett 11.75=17.85 received, for which please accept our thanks.

We do not know what number those two $20 1794 Cents are, and however we would not sell for any less.

You say you think the prices too high in this we do not agree for we always endeavor to mark them as low as possible and reasonable, a Gentleman here asked us $6 for a 1794 Cent with any price in stock almost a fac simile in every respect, being dark in color as the one we sent you @ $4.50

Should you wish to make any bids on any we will be pleased to execute them.

Very Respectfully
R. Robt. Chapman

We have had 1794 union cents & will have them @ $4.50 but they were no match for the two now in stock.

Dear Sir,

Have Letter of 11th inst.

I request to your offer

to send the package (unpacked) again

It is not meant as any fresh finding where we

say "Handle this carefully or Make returns promptly" this quite

customary to ask a person to whom a special favor is

sent to "Handle carefully" and so for the "Make prompt return"

it is said, for the reason that many times packages are

not returned promptly and after necessary correspondence

and the loss of the use of the piece.

Hope our business relations in the future will prove

more remunerative to both.

Your letters of 17th Inst 10th, 12th, 18th, 20th rec'd.

We marked those coins very reasonable and low and cannot make any reductions.

We think you are probably in error in your judgement of conditions of coins you refer to for instance you say the 1796 is (very poor) now this is a mistake it is very good and when very poor we sell them for 3 to 5$ and do you suppose we would sell you 25$ for same piece?

The 1802 1/2 doll is too cheap @ 4$ and you will see that it is from what the prices in sale brought, it would bring 4.50 to 5.00 at a sale. The 1805 over 4 is also cheap & the 95 1/2 is @ 50 is less than cost.

Do not care to purchase the lot of 180 cents.

You said in one of your letters not to bid on the cents if poor so as the 1799 was very poor we let it go.

We send a few pieces by 3rd Class registered mail as follows

1814 1/2 Doll cost 1.50 one of the finest we have seen of this rare variety. one very good cost .80

Dear Sir,

We duly received the tripondius as acknowledged by telegraph and would have replied sooner as then this but have been awaiting the return of two Greek silver coins which are out on approval; and when hearing about these, we will forward the selection of Greek and Roman coins.

We would describe the tripondius as follows:-

Italia. Tripondius of the Rutuli, a people who inhabited a narrow slip of country on the coast of Latium south of the Tiber and were conquered by the Romans at an early period.

Obverse:- A Head of the Phrygian Vernus to right.

Reverse:- A Wheel, between two of the spokes, the numeral III.

As a coin to us, we are sorry to say, to be of doubtful genuineness, and with your permission we would like to retain it for further comparison and study when we hope to give with full knowledge of our ground, a positive opinion. It has been filed all round the edge after the manner of the forgers of the 17th & 18th centuries.

We have not a coin even like it in the country, of any mint which resembles it. The chief one of this class of coins is that of the Marsi - Teseina.

Do you desire these catalogues of the B. Mus. Museum? We consider them admirable and we continue the latest attributions and descriptions.

Yours Very Respectfully

Wm. L. Appleton Esq.

Dear Sir,

Your letter of the 17th was duly received, and we thank you for the acknowledgment of the receipt of the installment to the Bushnell Catalogue.

We consider that we have obtained by the means of this letter,

1st. From whom Mr. Bushnell purchased the Samaritan Shilling,

2nd. The time of the purchase, which was 25 years ago,

3rd. That it was from an honorable person who considered it a genuine piece, competent to give an opinion, and so regarded it as genuine,

4th. [illegible]

There is now no reason to doubt the piece unless it shows on its face, which it does not, the characteristics of a counterfeit. And we think that unless positive proof could be produced to the contrary it should be considered genuine.

Expert testimony is all that can be produced when the direct witnesses are dead and a matter is discussed after a lapse of two hundred years.

The existance of such a piece one hundred and fifty years ago,

796

is proved by the Lambeth specimen, though it was false; which is described in a catalogue of the then long existing collection in 1746. This is a point which seems to have been forgotten by some of those who have made remarks about the coin, that such a <u>design</u> existed near the time of issue.

The Letter certainly proves that it was <u>not</u> made in New York as has been insinuated.

Finally, pardon me if we say, that others have shown and written to us, stating that they consider the letter to be of considerable value and proving the points above mentioned.

Very Respectfully Yours
S. H. & H. Chapman

P.S. We should be glad if you will publish this letter in the Journal.

Dear Sir,

Yours of the 9th received.

We can give your collection immediate attention and hold the sale at the earliest possible date; which would be from the 5th & 10th of December. Not a day should be lost in placing it in our hands, so as to have it before the public.

Our patrons have always known their attention implicitly to us without a summons of this sort to the auctioneer and we have accounted for every dollar to the smallest piece; and we fear that it will take you too long to make a list. We calculate the time thus, the earliest date upon which we can receive it would be the 17th; 20 days for cataloguing; 10 days for the printing of the list & issuing of the catalogue; would be the 16th of November and the necessary 20 days before sale would bring it to the 5th of December. The returns are made 30 days after the sale.

We can make no advance if desired.

We will make the catalogue as free and extensive as possible and do our utmost for the success of the sale

Dear Sir,

Your letter of 16th enclosing Sermons received.

The pieces is plugged over the head, where it has been pierced, and some one has ruined it by scraping & polishing the field, which facts we did not notice in the writing.

The Specimines sold were not pierced or surface damaged and were consequently worth much more.

If it is not worth 25, we are will give $12½ for it.

L. F. Lindsay Esq

Dear Sir

Your favor of 20th & package of coins duly received to day and we at once opened & arranged them.

It will save your time and ours if you will pack as follows - take the coins and lay them in rows (about 6 inches wide) on a sheet of fine paper and then roll them over and over, this way will protect them (lay a slip of tissue paper in between each layer) with all large medals when this is done put the papers each seperate and pack in small boxes inside of large box, so they will not grind each other by their weight

Will begin cataloguing to Morrow.

We were somewhat surprised at the incompleteness of your set of dollars and wish to know if we may add pieces from stock to the collection we have always found that judicious padding increased the value & attractiveness of the set.

If you have the name of order of any of the East Indian pieces of the large piece enclosed please send it, have a fine lot of books on the way from Europe on this class of pieces.

Cannot tell anything further about the time of sale until we have the entire collection arranged.

We thank you for entrusting the collection to us and will do all in our power to make a success.

Very Respectfully

Dear Sir

Your letter of the 4th rec'd.

The coins have not yet arrived, but suppose they will soon.

As regard to the stamps all, I am somewhat surprised it did not occur to me before by Seattle last, but then there are many quotes that he could not supply at his figures, and we do not know how he prices if at all, those very rare and scarce tobacco, etc. Last summer I showed the collection to him and after examination he said they would bring me about $50 at a sale, that make $145 for the lot, as he met you. Would not care to break the lot unless I got remunerative price for the rarities. If you wish send a list of the two wanted.

I should not care to purchase the Oregon stamps, figure too high. Will see what we can do towards sending up a package by the 10th and if you will send us a list of what kind wanted it might help.

Very Respectfully

Dear Sir.

Your letter of 1st received, and we send herewith on approval a selection of English and foreign coins to the amount of $66.50

We have also in stock. Cromwell 5/ crown and Commonwealth 20 shilling piece in gold extremely fine $18

Send a list of Ancient Coins you wanted

We have in stock an extremely fine Shekel and 1/2 shek for the pair $70 or $35 per shekel and 1/4 shek $20 per in regard to the value of these pieces we would like to state a few facts, some time since this year the Tribune came out in this paper that they could be purchased in Europe for $15 each, such is not the fact, they cannot, for we have had frequent quotations and they are $30 to $50 also a collector from Phil" when in Paris last summer was not in Paris at the largest dealers and they asked 200 francs. $40 and even then they were not to be had in any quantity. A German dealer to who was formerly in Phil" sold three shekel for $100 (several) They are worth $30 to $50 each and the above are cheap. Could a shekel sell for $75 at a sale last summer in N.Y. no fine

Please favor us with a prompt reply and return. as this is our mode of business.

Gentlemen,

We are Cataloguing the Lindsey collection for a sale in early part of December and have 800 lots this is too much for one days sale and not enough for two, and we wish to make this proposition — If we fill the collection up to 1000 or 1200 lots from stock that you will not charge any commission on coins not sold belonging to us, if this is granted we will put in our finest stock and let them go wherever we can. If sold of course the Commission would be same as rest of the collection.

Our stock is composed of fine coins and have cost us good prices and it would be unwise on our part to place them in a sale with the risk of having an expense of 7½ pr cent, and cost of printing to be ~~added~~ added, as we are not in need of funds.

A marked Catalogue will be sent you before the sale.

Please telegraph us in the morning.

Dear Sir.

Your favor of 10th 22/83 enclosing check for $23 in full payment of 1793 &c. cent. received, for which we are obliged.

We today examined the 17[94] dollar in Mr Hawkins Sale and made a rubbing of it, which we enclose. The piece is a very desireable specimine of this date being evenly struck and) not weak. When Mr Chandler put it in Mr Hawkins last sale we he limited it @ $125. and it did not sell; he was offered $100 for it we believe and I will never sell about $100 to $125. if you send a bid we will endeavor to purchase and give it our personal attention at the sale. it is worth $100 and over have seen specimines not any fine sell for $52

Enclosed please find rubbing of a few Medicals Edward VI 1/2, Henrys 6 Henrys 8 2. should you want any of them inform us.

Dear Sir.

We are now cataloguing the collection of coins of Mr E. F. Lindsey of Chicago for a sale in Dec. and wish to know what class of coins your collection is composed of. Have you any of the U.S. regular mint coinages Foreign gold silver or copper, English coins. Washington coins?

Our reason for asking the above question is that we do not wish our sale and yours to clash if we can help it, as Messrs Bangs write us that your Sale takes the 12–14 Dec. and we have taken either the 7th or 10–11.

Mr. Lyman H. Low,

Dear Sir,

We have been so busy and Mr. Henry Chapman being away since last Wednesday morning, that we have not had time to attend promptly to every affair.

Enclosed please find our check for $17.36 in payment to date.

We returned the books on Saturday on account of hand stamp on the title pages and on one the inside of cover leaf. We never heard of such actions before, as it is entirely non professional, the only mark ever used being a pasted label on the inside of cover. A stamp of this character is only used in public libraries to indelibly mark the ownership, and this example is the more extraordinary on account of our being dealers.

Yours Truly

H. H. & H. Chapman

There is one thing about your way of doing business that we think quere, ie. a few days since while in Lockport N.Y. we were shown a letter from you to a dealer there asking for five cents and 2c cents to be sent you on approval and get your return on this very class of coins after obtaining them 3 months, is this just right? we think not and that you should pay us for the pieces sold and take them, for we have gone to considerable & trouble to send them to you. Remit us the 9.70 due without any further delay You must not forget that you have never paid us one cent of cash, and we have written numerous letters and did everything in our power to please you, then after waiting patiently for the money you for a day when payment will be made, wait for that and you do not keep your word, if it any wonder we feel annoyed?

Thomas Warner Esq.

Dear Sir.

The sale of the Lindsay collection was a success, first day $950.- 2nd day $780. $1730

We purchased the enclosed coins for you to the amount of $17.56 including 12.25 for coins not from the sale.

Your letter of Dec 1st about letter from Sampson received, we have never had any difficulty with Mr Sampson and at our sale he did not show any change towards us, he even asked us whom we expected to sell the "Warner coll", he will have to execute his orders and there is plenty of time between now and the sale for him to cool off.

We thought it worth the express charge to send you the pieces for examination and you may return them with the books, you will also find the Shekel which is a counterfeit, cast from a badly corroded specimen, if you own you ought to recover the amount paid for it.

About 10 orders have been received for the catalogues all reading.

I remain Yours Respectfully

Your letter of the 12th ult. and contents noted.

Not knowing the collections mentioned in Your letter of Peculiar Pleasure, you are needlessly alarmed. Instead of an unusual or large number of coins about to be sold there are comparatively few

We will review those he mentions,—

1st "Collection of American Medals of Mr. F. Wood, consists of Masonic medals largely of Washington, and the miserable medals and medals thereof published by him; and does not contain coins except a few odd pieces, consequently not affecting yours at all except in these branches.

2nd "The small but select collection of J. W. March of Jacksonville Ill"

320

Never heard of him and guess of small account—

3rd. Herman Ely. This is said to be a fine collection, We do not know—
I cannot say. It will be over three months before yours

4th. Mr. Lee from Iowa collection of War Medals only, and therefore very small

5th The Sale by Mr Hamilton is a small one.

6th "The Bunnell Collection" The property of W.B. Bunnell a shoemaker, and is composed only of cheap, ordinary coins. The way it is worded in Numisma you might think it was an important collection. Mr Bunnell is a friend of ours and says the Bushnell catalogue is by far the finest ever published

There is therefore in all this when sifted down but one fine collection— The Ely. The Pillow now in progress is poor in the American series and is a comparatively large sale; not very little in it The sale of Wolfe just over was only trash or junk as we call always term such as is.

We expect to hold the sale of your collection during the early part of May and cannot be ready before that time as we are going to publish the finest catalogue ever issued surpassing even the Bushnell, if possible.

We have moved May & June good months for sales with

Colfin and Bushell.

We will have notices in the Philadelphia papers and in the New York Times, World, and Tribune, the same as about the Bushnell.

You do not know the actual value of Woodward and Thomas at sales. You entirely overrate Thomas power. Woodward does not attend any other cabbagers sale and Thomas only on rare occasions and does not regularly attend to execute bids.

Not a dealer ex ourselves during the past year attended a sale to buy (or bought) for himself. We do not attend Thomas, Woodward or H.P. Smith's sales and they have all fallen flat the past fall. See Thomas's ring in late issue of Numisma.

Their efforts have not had an effect against us and for proof see the great success of Bushnell, March 20 & Colfin & Lindsay sales.

We have not done anything against W. E. or H.P. Smith except that we made a success of the Bushnell, and have not written or spoken a reply to them except in the brief remarks in the catalogue of our sale March 20, which

The Post Office Department Depot No 2 at Dundalk is the Depot for the Post Office at Dundalk, and all mail matter for the Post Office at Dundalk must be addressed in the following manner to Dundalk Depot No 2, Baltimore County.

exactly hit off the state of affairs

You are wrong in saying "all the compilers" the only ones who have written endeavouring to ~~[illegible]~~ belittle us are Woodward, Hoosaid & Smith, and these because of the jealousy caused by our getting the Bushnell when each thought they had it, and our making it such a success. Smith's estimate before it passed to our hands of what it would bring at auction was $7.50; we maintained by prices for Colonials & Medals and made it bring $13.00!

Woodward is not a regular dealer. He is an apothecary in Roxbury, and Hoosaid is as you know a schoolmaster and gives extra lessons in the afternoons. He got into coins by being employed by Scott to do literary drudgery and was kicked out by Scott for, to draw it mildly, faithlessness.

Messrs Haseltine, Scott, Sampson, A Cogan, Low & Ahlborn have never attacked us, as far as we know, except Sampson's letters to you.

We do not know of any spoof by the others against us and care not about them.

One of the best of tests recently is that Mr L.P. Lindsay who has dealt with all, especially Sampson, sent his collection to us

without solicitation and without terms.

Mr Sampson is not capable of catalogueing himself, master-pieces have sound reason & think so) Mr Balmanno is in similar circumstances.

We have not a doubt of the sincerity of his professed tears on having your collection to catalogue.

Your collection is the best of any large one to be auctioned about, as it is composed of general lines of all periods, and not of high rarities in a particular division like the Bushell in American Glass &c &c and it will interest collectors of every grade.

Our customer for Indian relics has commenced again sold him $177 worth yesterday, shows him the gold frog and he wants it badly.

Very Respectfully.

Thos N. Chapman.

Dear Sir,

We will take an additional advertising page in the January number of the Journal, ~~on the terms of the last contract~~, and wish to know when you will need the matter in order to go to press. ~~What space will it fill?~~

The immense collection of Thomas Warner, Esq of Columbia Station, Ohio, has been placed in our hands to catalogue and sell at auction. We have collected coins and medals of many series, Ancient Greek and Roman, Mediæval, Foreign and American, and the sale will therefore interest all the collectors.

The catalogue will be quarto size, heavy paper and will be charged for at 50th per copy; and will also be issued with a large number of plates. As the latter is three cents, it will only leave us 2 cents. Will kindly pay the bill for the paper. Thomas Harvey Esq.

Dear Sir

Your two favors rec'd.

We will attend the sales Dec 29 (Expunged next Saturday) and the Ely in person; in the former sale as in the latter also there are 1858 dollars, and if you wish to bid for one write us N. Y. one Buys.

Dr Robert Morris's letter rec'd & noted; he evidently does not know what he is talking about and makes statements which are not facts.

We have handled a great many genuine checks ~~that perhaps not so many of the nature of the one he sold you~~. We will prove we are experts in the matter. Please send him the check and we will show it to the Editor of Merchant New York as the first expert in this Country. In the mean time write Dr Morris and ask him thus, Will you leave it to the Editor of Merchant, 30 Lafayette Place N. York, who is the first expert in this Country? It has not been shown him.

We are regarded as experts by all collectors. Dr Wm J Jenks & of the best Numismatists in this Country regards our judgement as sound & are competent experts. Gen Russell Kentucky, was only of a few who [illegible]

Dear Sir,

Your note ~~the~~ enclosing .72 received.

We will attend the sale of the Ely Collection, but we do not send out the catalogues of the sales of W. E. Woodward, E. Frossard or H. P. Smith and do not receive orders for their sales.

We would request to be excused from answering in regard to the gold in the Warner Collection, which we have not begun the catalogue. We are considering the question of exhibiting the collection here at all, as we found it to have been a positive disadvantage ~~to~~ the Cushnell sale.

Yours Very Respectfully

S. H. & H. Chapman

Everyone here is greatly disappointed in the Ely sale and catalogue. R. C. Davis Esq. the largest collector here, said "I am disappointed and never saw such ignorance as is displayed in the catalogue, for instance, the way the Coins are described". "No comparison to the Bushnell" A. W. Jackman Bath N.H. a wealthy collector.

Have you seen the Plates catalogue? Notice the selection the places on the plates.

We have been calculating about the Plates for yours and find it will require ten at least or twelve as follows, price $5.

1. Ancient Silver
2. Gold
3. English Silver
4. Foreign "
5. Carara Medals
6. Foreign Medals
7. Colonial & U.S. Silver
8. Colonial & Washington copper
9. Wash. & U.S. medals
10. U.S. Cents.

We have already a number of orders for the Plates catalogue The cost was so heavy that they the B. could not have issued for less

Yours Respectfully

A. D. Palmer. Esq.

Dear Sir

Your esteemed favour of Dec 9 enclosing $53.50/100 received. Please accept our thanks. Had a firm or person by the name of Fricke a perfumery exhibit in the Pittsburgh Exposition; if so was it near your Cabinet of coins? We are working up a very slight clue and you must be very careful not to let any one know or mention the above name (Fricke). Is it customary for Exhibitors to place their cash in the Exhibitions Society's safe over night?

Would you like a selection of nine pieces sent to you for inspection & approval?

Very Respectfully
A. H. & H. Chapman

What was the condition of your 1854 dollar?
Do not mention to any one that a clue has arisen in Phila as ours may not be proved, being slight.

378

Fletcher Bangs. Esq.

Dear Sir

Your letter of the 3rd received.

The numbers you mention belong to us and were not sold, however if you wish you need not add them in. We had not kept a copy of the checked catalogue.

The numbers not marked as not sold were not sold, and we are sorry they amount to so much, but the arrangement enabled you to get the commission on over $600, worth sold, which you otherwise would not of got.

We have not received the bill for sale Dec 29th please send it.

Yours Respectfully,

Wm. A. Chapman

Dear Sir.

We do not think you will find much trouble in understanding the above Statement; but to explain it we will say; that it made by taking the Coins You purchased to the Dr side & on the Credit by the payment so far made; the £7.15 is the £7.15 we gave you for Coins purchased from you less 60 allowed for some base cwts which were returned at the time from the list & 2.10 you afterwards returned. the 2 & we took those cwts & put them back into the a/c deducting the amt previously allowed for them — 7.15

The 1817, & 18 base cwts are pieces you enclosed in last p/cl returned & which did not belong to us, consequently we give you credit for what they are worth to us, or if you will send 3.15 instead of 3.15 we will return them.

This a/c is merely clear to you now and you will greatly oblige us by remitting the £3.15 by return as it is without further trouble

Dear Sir.

Your letter and pkg of $12 fee enclosing card $7 with $2 of $5 received & thanks.

You do not return No 8 @ $2 the envelope was sent, but it did not contain the coin — Thanks. Have chan. Barbaric fabric Priced. Very fine $2 / also No 3 1748 Brasher Fine a crown $150 20 this leaves $3.50 due.

You have fine coin in spite of how much labor and trouble there is in selecting and making out the bills. It took all the time one (JHC) could spare in 4 days to write out the bills for last pkg. and we think you might have taken more of them, as they were fine and desirable pieces at moderate prices.

You say you did not have time to give them the careful inspection and study you wanted to; we are sorry it was so, but you had them nearly a month and we should think that you could have given them one examination, selected those you desired and study them after the work of your leisure.

Very Respectfully

You will need some two inch pipe for discharge.

The Matter stands thus, the A. D. Co. demand 50 ~ for the 5" as it now is. not to be returned in any case.

The check can be sent to me or them as shown.

So the pistol, if there is any, is thrown on your self. It is well to be explicit on this point to avoid future misunderstanding, but I will have this small pump No 5 only two sizes smaller than that we call large, sent to the factory and have it put in order, so that it will be as good as new and there will be no danger of its not working properly, and will have it done as cheaply as possible and send you the receipted bill for same. I will do all I can to give you satisfaction. You will have a cheap machine after all. The foreman did not know anything whatever about the Cook & Sprague & the pump. And I had to find Machine shop men to find out. This pump has been stolen one to it Bro as not weighs several pounds do -

we will agree to these, and if you conclude to take it and use the Pumps you speak of and I get them and ship with the pumps, you will need a Steam below.

I think you need not have any fear about the working for they have been now in the market for years and well tested. It is not like as if you were buying a new and untried article, and you are getting it 100 under price. the foreman in Machine shop said to me a few days ago. (When these pumps came out I was prejudiced against them, but now I think they are the best for certain purposes that we had been Pumping out so fast with great satisfaction)

Your favor 15th inst duly to hand
I laid your letter before the President of the
Company and he directed to put the smaller
Pump in order owing to the low price, you
were right about the price being $50 at which
price you can have it just as it is. I have
since my interview with him been more
definitely what it would cost to replace
the part missing, and find it will cost
from 35 to 40 dollars so you see your offer
to have it put in order for you falls to the
ground, yet it would be cheap at the original
price is 225—

I would recommend you to take the large
Pump at $150— it is in fine order and the
price of that size is $250— so you would have
a good bargain. There is 5 feet (actual measurement)
of suction pipe with seat valve in it which
you can have included in the price $150
It only need 3 small brass fittings & nail it could

Respected Friend

On leaving you last saturday, I went direct to my Patent Lawyers Messrs Henry Howson & Sons to investigate the various dates and evidence between the Patents under which you are working by Henry Altenbrand and those of mine, with the following results viz:

Henry Altenbrand	Henry Chapman & Sam'l Hudson Deceased assigned to Sir Henry Chapman
Application Filed Jan'y 16th 1877	Application Filed December 29 1876
Patent issued April 17. 1877	Patent Allowed early in March 1877
	Issued Sept 25. 1877
No of Patent 189.670.	No of Patent. 195.573
	See Centennial Official Catalogue Dept X Page 41 No 710 Which will clearly show priority of invention

In view of the above apparent facts I would hereby respectfully inform you that I fully believe that The Exhaust Ventilating Company of Helvicus Pa, Henry Altenbrand, Messrs Howard & Morse of 45 Fulton St New York, and yourself are infringing on my Patents, under the above (name)
